

Biomass North Development Centre

Mapping the Bioeconomy Getting to 2030

World Café Workshop

Dawn Lambe – October 18, 2018

Purpose

- Envision the 2030 bioeconomy in Ontario
- Identify key barriers – regulatory, skillset, perception, ???
- Brainstorm/share best practices and innovative ideas to reduce those barriers

- BNDC will summarize the outcomes in a report to the provincial government – MNR&F, MNDM, FIN

Workplan

- Describe the 4 “pillars” of the emerging bioeconomy (10 minutes)
- Self-select into a pillar (5 minutes)
- What does your pillar look like in 2030? What keywords describe it? (10 minutes)
- What are the barriers between NOW and 2030? (10 minutes)
- What can be/needs to be done to remove those barriers? (10 minutes)
- Report! (20 minutes)
